

MORNINGSIDE ESTATE

Directions from Nanaimo

Please note that if you are using a GPS they do not likely have MorningSide on their system.

Drive south on Highway #1 (Trans Canada Highway) heading towards Victoria. It will take under two hours to reach MorningSide. The first major town you drive through is Duncan. Once you have past the Malahat Summit Lookout start looking for a Petro Canada Gas station, on your left-hand side. After you pass the gas station, look for Aspen Rd. Turn left on Aspen, on Aspen Rd. take the second left onto Rocky Mountain Rd. Drive to the end of Rocky Mt Rd. where our private driveway starts. The driveway is 1 km long and winds down to the water. We are the first property that you see.

Just before you see the two story cedar shake house, there is a road to the left this goes to your neighbors please keep going straight.

Stay to the left of this house and drive down to the water where you will see the big house.

Watch carefully for Aspen Road, if you miss it, you will have to travel several Kms to Goldstream before you can safely make a U-turn. Drive carefully as the Highway #1 is very busy
